Noocyada Falanqaynta

DHAMMAADKA CASHARKAN

Waxaad awoodi doontaa inaad kala saarto afarta nooc ee Falanqaynta (Analytics) iyo su'aasha uu nooc walba ka jawaabo.

Dulmar

Maamule ayaa eegaya warbixinta iibka bishii hore, wuxuuna qabaa afar su'aalood:

Maxaa dhacay?

Maxay sidaas u dhacday?

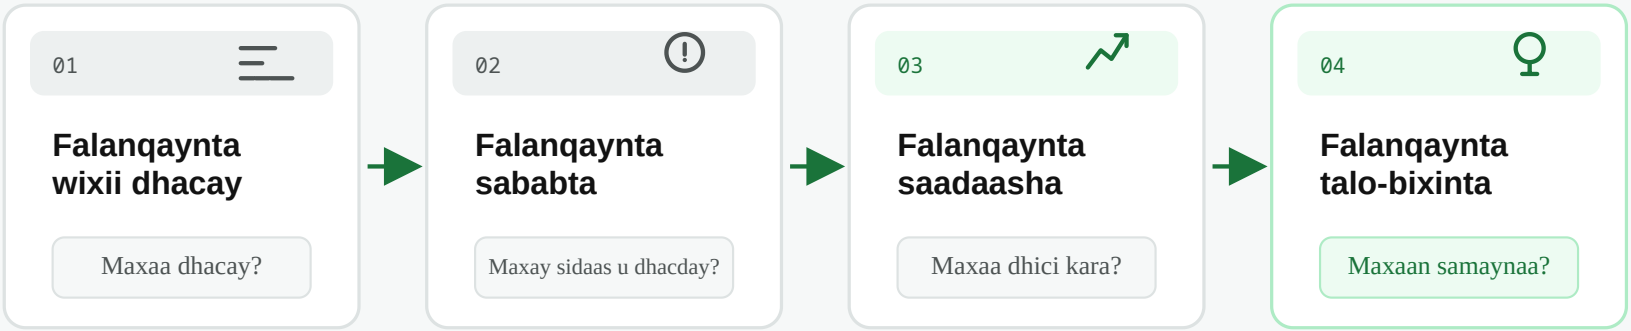

Maxaa dhici kara marka xigta?

Maxaan samaynaa?

Su'aal kasta waxay u baahan tahay nooc falanqayn ah oo ka duwan kuwa kale.

Waa maxay Falanqayn (Analytics)?

Falanqayn (Analytics) waa adeegsiga xogta si loo fahmo waxa dhacay, sababta ay u dhacday, waxa dhici kara marka xigta, ama tallaabada la qaadayo.

Afarta Nooc ee Falanqaynta

NOOCA	SU'AASHA	TUSAALAHA
Falanqaynta wixii dhacay (Descriptive analytics)	Maxaa dhacay?	Iibka bariiska ayaa bishii hore kordhay 12%
Falanqaynta sababta wax u dhaceen (Diagnostic analytics)	Maxay sidaas u dhacday?	Iibku wuxuu u kordhay sababtoo ah dukaanka Hargeysa ayaa furnaa saacado dheeraad ah intii lagu jiray bisha ramadaan
Falanqaynta saadaasha (Predictive analytics)	Maxaa dhici kara marka xigta?	Iibku bisha soo socota wuu sii sarreyn karaa haddii saacadaha dheeraadka ah la sii wado
Falanqaynta talo-bixinta (Prescriptive analytics)	Maxaan samaynaa?	Sii wad saacadaha dheeraadka ah ee Hargeysa, kuna tijaabi Muqdisho

HAB FUDUD OO LAGU XASUUSTO WAA:

Wixii dhacay → Sababta → Waxa dhici kara → Tallaabada la qaadayo

Bilowgu badanaa wuxuu ka bilaabmaa falanqaynta wixii dhacay, sida soo koobidda xogta, wadarta, iyo jaantusyada. Marka shaqadu sii horumarto, waxaa lagu daraa saadaal iyo talo-bixin.

Maxay Tani Muhiim u Tahay?

Afarta nooc badanaa way isku xirmaan, inkastoo aanay ahayn afar tallaabo oo mar kasta khasab ah. Ma sharxi kartid sababta iibka bariisku u kordhay ilaa aad marka hore ogaato inuu kordhay. Fahamka sababta uu bishii hore u kordhay wuxuu xoojin karaa saadaasha bisha xigta. Talo-bixintuna waxay noqotaa mid lagu kalsoonaan karo marka su'aalihii hore ay bixiyeen caddayn.

Sidaas darteed, marka ay shirkadu rabto saadaal, su'aasha ugu horreysa waa: ma si sax ah ayay u sharxi kartaa wixii hore u dhacay?
